Graalman Report.....

Your help is needed to assist the Graalman Chair make certain that your Chapter maximizes all award opportunities. This month's focus is on professional activities. Please consider the following questions:

Have you participated or know of a member that has participated as an instructor, etc., in any program relating to contract management which was not part of your chapter-sponsored activities, not for the university community, and not as part of your regular employment? Examples may be appearances at other chapters, other professional associations, business associations, etc.

If yes to any of the above questions or if you feel that there may be contributions in other areas that may assist with the Graalman Award, please contact Christine Bond at cbond@tn.tna-inc.com.

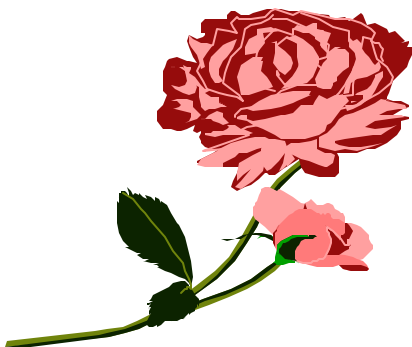

Thanks for your support!

Christine Bond

Education.....

We are currently organizing a seminar for late February or early March. This will be a one-day course entitled, "Changes and Equitable Adjustments in Government Contracts" with Professor Ralph Nash. More information will be sent to each chapter member in the next couple weeks. We hope to see you there!

Timely Topics.....

Hey You! Why Do You Treat Me This Way?

I'm responsible for the clothes on your back, the roof over your head, the food your family eats, the car you drive---for just about everything you may need or want.

You say I mean a lot to you, yet you don't show it by your behavior. Some days you give me only half your attention, and other days you don't bother to show up at all.

You treated me quite differently in the beginning, but now you just take me for granted. I've been patient and quiet, waiting for you to need me.

If you were smart, you'd wise up, and value and take care of me as I take care of you.

Who am I?
