## PRESIDENT'S CORNER

Stephen Covey famously said to "begin with the end in mind," and I think we did that this 2021-2022 NCMA program year. Our strategic plan which focused on membership, education, and engagement & connection was executed expertly by our Chapter Board and Committee members. It has been my honor to serve with a great team of volunteer leaders. And thank you to each of our members, our sponsors, our agencies, and the companies that support us. You drive this association and contribute to making the East TN Chapter one of the best in the country!

Whether you are a longtime member of the Chapter or just joined, have retired from your career or are just beginning, I hope you will help us close out the year at our Member Appreciation event on June 1<sup>st</sup> at Calhoun's in Oak Ridge. This is an opportunity for new members to meet one another, to celebrate membership anniversaries, to announce our scholarship winners, to award a special service award, and to install newly elected officers.

The future looks bright for the East TN Chapter and I'm excited for the leadership Ms. Jamie Ford will bring as she takes the reins next year. It has been my honor to serve as your president. I hope you can enjoy your favorite summer traditions and be ready to leverage all that NCMA East TN has to offer come September.

Humbly yours,

Susan Starr, CFCM  
President

## MEMBERSHIP SPOTLIGHT

### THOMAS GOLACINSKI

*IT Purchasing Manager*

*Leidos*

Mr. Golacinski has been with Leidos for approximately thirteen months. He completed 11 years in the United States Air Force before his career was cut short due to injuries. After the

Air Force, he took a

position as the Financial Specialist with the United States Marshals Service, Eastern District of Tennessee, where he focused mainly on procurement. After service with the Marshals, he moved to industry as a Government Contracts and Account Manager with TEVET, LLC in Greeneville, TN. When he decided that he wanted to move back into a procurement-oriented position again, he took a position with Oak Ridge Associated Universities as a Buyer III and worked there until the opportunity with Leidos presented itself.

Mr. Golacinski has been a member of the East Tennessee NCMA Chapter since 2018. His favorite NCMA training events are anything that has to do with negotiations and current negotiation trends. The most difficult portions of the procurements that he manages are the terms and conditions, service level agreement, master agreement, end-user license agreement, or master service agreement negotiations. Any insight that he can attain or skill that he can further develop, he has found this helps to alleviate stress during these negotiations.

In terms of the best way to network through NCMA, Mr. Golacinski has found that attending meetings and

training events has been the best way to network. He credits NCMA, especially the certifications that he has received in helping him achieve the positions that he was looking for after leaving the military and civil service. He earned his CFCM certification in 2019 and is currently working toward achieving his CPCM.

Mr. Golacinski also holds the following: University of Dayton Law School, Master in the Study of Law in American and Transnational Law with a concentration in Government Contracting and Procurement. This program is provided through a partnership of the University of Dayton, NCMA, and the Air Force Life Cycle Management Center at Wright-Patterson Air Force Base.

Outside of work, he likes to do everything that he can outdoors. His outdoor activities range from hiking in the Smokies, kayaking on Douglas Lake, to golfing around East Tennessee. He also enjoys working on and upgrading his vehicles and side-by-side.

# WHY NCMA

## EMPOWER YOUR PEOPLE

NCMA has enhanced my career in many ways. The Certified Federal Contract Manager (CFCM) course, for example, really helped me gain a better understanding of the FAR. I then took the certification test and received an instant promotion after becoming a CFCM.

–**Courteney Hewlett**, CFCM, Academy Medical, LLC

## STAY CURRENT

My NCMA membership keeps me current on federal government contracting issues and changes, as well as access to relevant peers to fully understand differing perspectives on those contracting issues and changes. I would be at a significant professional disadvantage if I were not a member of NCMA.

–**Russell Huffman**, NCMA Fellow, Webster University

## BE PART OF THE GOLD STANDARD

NCMA is the only professional association for contracts management professionals recognized nationally in the U.S. with local chapters in nearly every state. It is equally recognized and respected at all levels of government and industry. NCMA members are considered to be at a higher level of professional competence.

–**Mueed Shams**, CPCM, CFCM, Oracle Corporation
