PRESIDENT'S CORNER

After a busy year, it's finally here – the official kick-off of another program year of NCMA for our East TN chapter! Our stellar chapter board has already been hard at work planning for this year to be just as beneficial to you in terms of training and networking events, as well as opportunities to give back and serve our local community. NCMA is such an integral part of our profession, and I can tell you that among NCMA our east TN chapter continually stands out among all the chapters in the nation. Myself and our Board are committed to continuing that legacy we've inherited.

Let me take just a moment to introduce myself if anyone reading doesn't know who I am. My name is Justin Keck, and it's my honor and privilege to serve this year as the President of our chapter for this program year. I manage a team of Procurement Officers at Oak Ridge National Laboratory (ORNL), where I've worked for almost 15 years. I live in the Karns community with my wife (MarKita) and two children (Noah and Jaylea). NCMA has played a part in my career from the very beginning. I was a recipient of one of our scholarships my last semester in college, and as we still do, I was given an invitation to come to one of our monthly meetings the January after I graduated. That was my very first NCMA meeting, and even as a shy fresh-faced college graduate that didn't know *anything* about contracts or contracting, I was made to feel welcome and made a number of incredibly valuable contacts that day. Many of those people are still dear friends that are still serving our chapter, and one of those even led to me getting an interview

and eventual job at ORNL! I say that to try to emphasize just how valuable an organization like NCMA can be. And my hope is that each of you will recognize that and partner with us this year to get as much as we can out of this program year.

If you ever have any ideas about how we can make our chapter better, or want to share your own story about what NCMA has meant to you, please don't ever hesitate to reach out. Thank you for the opportunity to serve you this year.

Justin Keck
President

Sponsorship Application

The East Tennessee Chapter would like to offer you a brand new sponsorship opportunity for the 2023-2024 Program Year in support of our continuing education program. Our monthly luncheon meeting is generally held on the first Wednesday of every month from 11:30am till 1:00pm. This educational series helps local acquisition professionals on both the government and industry side earn Continuing Professional Education (CPE) hours while learning about the most current or "hot" topics affecting the acquisition community from noted government and industry leaders.

The National Contract Management Association (NCMA), founded in 1959, is the world's leading professional resource for those in the field of contract management. The organization, which has over 20,000 members, is dedicated to the professional growth and educational advancement of procurement and acquisition personnel worldwide. NCMA strives to serve and inform the profession it represents and to offer opportunities for the open exchange of ideas in neutral forums.

A sponsorship with our Chapter would include your company advertised at our monthly luncheons, in our monthly newsletter and on our website. Your company would also receive a discounted rate for attendance at our monthly luncheons, and a "SPONSOR" ribbon to add to your name tag at each Chapter event.

WHY NCMA

EMPOWER YOUR PEOPLE

NCMA has enhanced my career in many ways. The Certified Federal Contract Manager (CFCM) course, for example, really helped me gain a better understanding of the FAR. I then took the certification test and received an instant promotion after becoming a CFCM.

–**Courtney Hewlett**, CFCM, Academy Medical, LLC

STAY CURRENT

My NCMA membership keeps me current on federal government contracting issues and changes, as well as access to relevant peers to fully understand differing perspectives on those contracting issues and changes. I would be at a significant professional disadvantage if I were not a member of NCMA.

–**Russell Huffman**, NCMA Fellow, Webster University

BE PART OF THE GOLD STANDARD

NCMA is the only professional association for contracts management professionals recognized nationally in the U.S. with local chapters in nearly every state. It is equally recognized and respected at all levels of government and industry. NCMA members are considered to be at a higher level of professional competence.

–**Mueed Shams**, CPCM, CFCM, Oracle Corporation
